

Lions Trees of Love . 2022

Chair, Trees of Love Committee

Once again, this year, we are holding our Trees of Love fund-raising campaign to benefit needy families in Lake of the Woods and Orange County at Christmastime. On December 10 we will place a fir tree at the Wilderness Center at the intersection of Rtes 3 and 20. Next to the Tree will be a smaller tree we planted several years ago. The larger Tree will be festooned with white and red lights, white in memory of deceased friends and family members, red in honor of those to be recognized for kindness and service rendered to individual families and the community at large. The smaller Tree will be decorated with purple lights in honor of our Veterans for their service to our Nation.

You are invited to recognize individuals by purchasing lights that will be placed on the Trees for your donation of \$5 per light. Please complete the donation form, attached, and mail it, with your donation by check made out to "LOW Lions Foundation", P.O. Box 605, Locust Grove, VA 22508. The Lions Club is a 501-C charitable organization and, therefore, donations may be tax-deductible. The Trees will be dedicated at 2 p.m. on Saturday December 10; the Trees will remain lit during the hours of darkness from then until early January.

In these times of financial uncertainty, the funds raised in this campaign will be most welcome by the several families who will receive equal shares. We count on your caring concern for those less fortunate than the rest of us and sincerely thank you in advance for your generosity. And, by the way, donations in excess of \$5 per light will be highly appreciated!
